

★ 2013 ★ *Code Across America*

A NATIONAL WEEKEND OF CIVIC INNOVATION

Saturday February 23: South Bend, IN

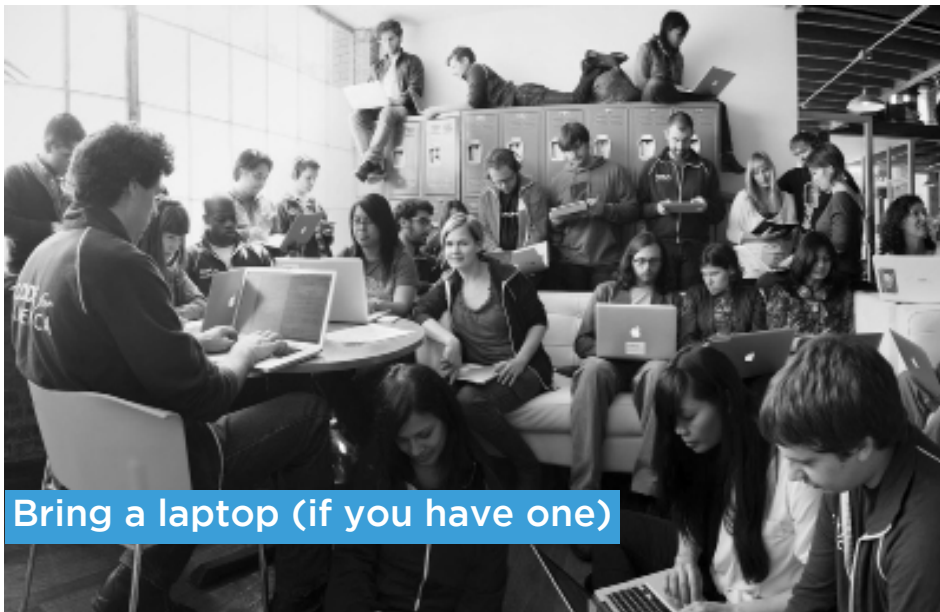

Connect with citizens in South Bend who are passionate about technology and their communities. Together with our friends, colleagues and neighbors, we'll Code Across South Bend in service to the city.

BULLET #1

BULLET #1

BULLET #1

BULLET #1

Bring a laptop (if you have one)

AMERICA

VISIBILITY ON A NATIONAL STAGE

Fellowship sites receive **extensive local and national recognition** for their participation as we work hard to showcase the work of our local government partners through our media outreach, marketing and communications strategies, and social networking activities.

DATES TO KEEP IN MIND

The application process for 2013 cities opened in early January. A complete schedule of the process is below.

JANUARY - MARCH 2013	City Application Period
MARCH 31, 2013	Deadline for Applications
APRIL 2013	City Applications Reviewed
MAY 2013	CfA meets with cities to confirm support & funding
JUNE 1, 2013	City Finalists Announced (Rolling Acceptance)
OCTOBER 2013	Selected Cities Announced to the Press
JANUARY 2014	New Class of Fellows Begins Program

WHO ARE THE FELLOWS?

- Experienced young professionals (average age is 30)
- From all over the US
- Highly sought-after experts in tech, design, and urban planning
- From organizations like Google, Apple, Newsweek and civic non-profits
- Passionate about civic change
- Willing to give a year of their life to public service
- Selected from a highly competitive process (CfA only accepts 4.5% of applicants)

APPLY TODAY

CfA is now accepting applications for cities interested in participating in the 2014 Fellowship. **Applications are due March 31st** and can be filled out online:

<http://codeforamerica.org/cities/apply-now/>

Please contact Luke Norris, Director of Business Development, with any questions about the fellowship or the funding process.

“From Code for America we thought we’d just get some cool apps for our constituents, but we got so much more; new relationships in City Hall, new connections to the community, a platform for further innovation, and yes, even some great applications.

Nigel Jacobs
City of Boston
